WHAT IS NOMDO?

Nomdo is a mobile and website-based application that will help you in event management accompanied by financial records both individually or team.

Make your own plan

NOMDO

03

OUR

With nomdo, you can group tasks by event with the workspace feature. Nomdo can also be used collaboratively with others so you can work on your team in one workspace at a time. In addition, Nomdo also facilitates you and your team in recording event expenses so that expenses are monitored and transparency is maintained.

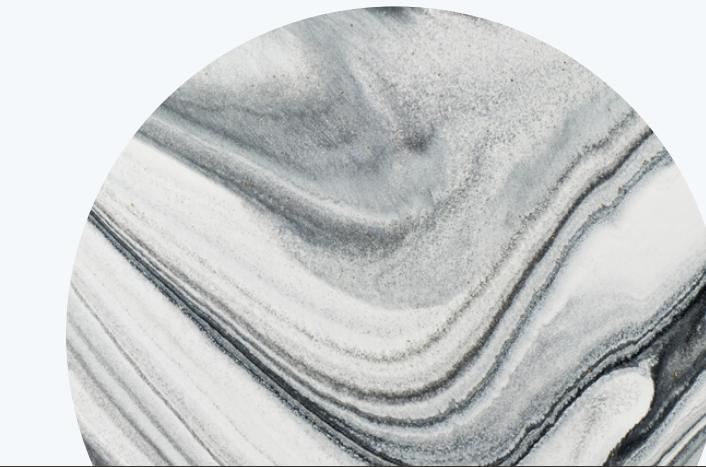

VALUES

SHARED WORKSPACE

Invite your colleagues to form a team by only entering the unique code that has been provided

MONEY REPORT

We will help your team finances so that they can be recorded in real-time and remain stable

OUR FEATURES

NOMDO FEATURES

WORKSPACE

We will help you create a workspace that will make it easier for your team to plan. In addition, you can also invite your colleagues to form a team by only entering the unique code that has been provided

TASK

The process in which every idea that we have collected is poured into a real picture

BOARD

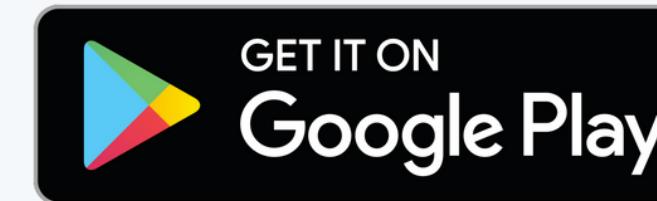

The quality control process for every newly produced product

MONEY REPORT

After checking the quality, we deliver all the products to our stores and branches
