- The Elements of Your Personality

In this section, we'll look at how you scored on each of the four major dimensions of personality type. Each dimension provides a broad description of how you approach things in a fundamental aspect of your life: how you manage your energy, relate to others, process thoughts

Introversion vs. Extraversion This dimension describes how you manage your energy. Your preference for Introversion or Extraversion relates to how readily you express

yourself, how easily you warm up to new people, and the extent to which you engage with the world around you. But most fundamentally,

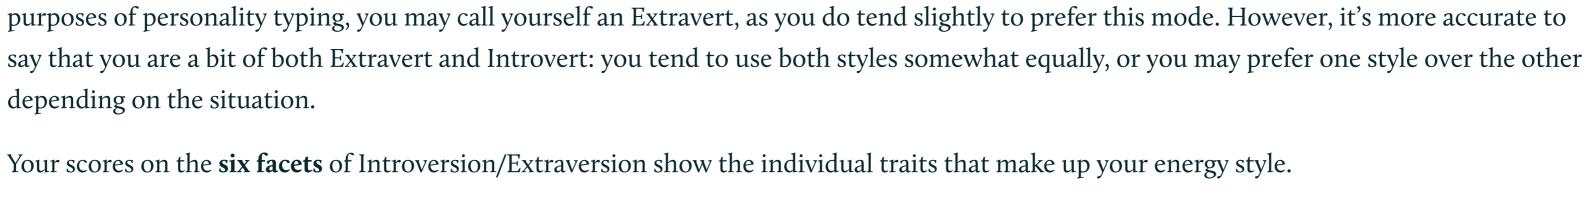

this dimension relates to whether you are energized by time alone, or time with other people. 49%

and feelings, and organize your daily activities.

are.

INTROVERTED

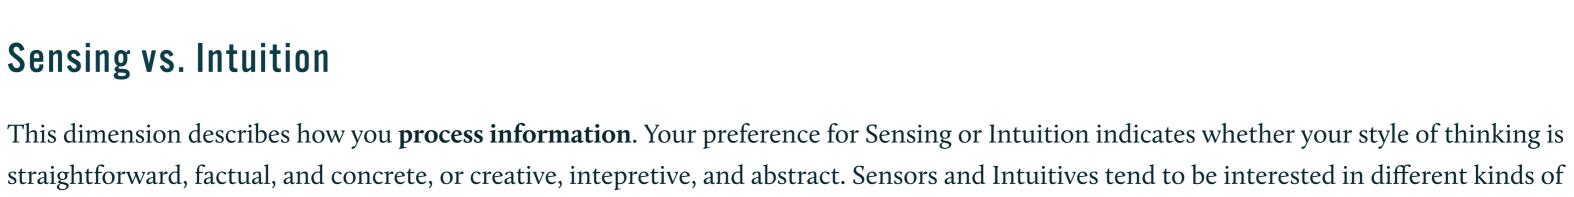

Your energy style is a blend of Introversion and Extraversion, and as such, you are neither a true Introvert nor a true Extravert. For the
